Thinking of In-house Training? Contact us!

In-house Courses are specifically designed and tailored for clients to meet their specific requirements. Besides being cost effective, this programme ensures maximum benefit to the internal auditors of the organization as the participants will have an opportunity to explore the appropriateness of their current audit practice, method and approach, strengths and weaknesses.

Benefits of In-House Training

Convenience! Clients get to pick the dates, time, location and topic

Focus! IIA Tanzania works with client to perform a needs assessment so that the training focuses on the objectives, issues, and challenges of the department.

Team-building! Training the entire team at the same time ensures they hear the same message, and fosters team building.

Save Substantially!   Benefit from reduced course fees and eliminate staff travel expenses. Spend training funds on customized training that focuses on the issues critical to the organization.

Confidentiality! Training in-house means participants can candidly discuss their organization's unique challenges and opportunities confidentially.

Customization! Topics are customized to fit client's training needs and timeframe.
