## **Complete Package & Services Directory 2026**

---

### **ABOUT VANNIGLO**

Vanniglo Investment Limited is a Tanzanian digital infrastructure firm specializing in secure, scalable, and sovereign digital solutions for businesses and institutions.

Founded and led by Emmanuel Masanche, we bring over 20 years of experience in enterprise digital platforms, with deep expertise in Drupal development, institutional systems, and managed hosting infrastructure.

We operate under a framework of clear boundaries, professional discipline, and sovereign client relationships.

---

### **OUR APPROACH**

Every engagement begins with clarity:

- Clear scope
- Clear pricing
- Clear communication
- Clear boundaries

This protects your investment and our energy.

---

### **WEBSITE & PLATFORM DEVELOPMENT**

Every organization is different. The cost of your website depends on your specific requirements – number of pages, features, integrations, user roles, and complexity. After we understand your scope, we provide a detailed quotation.
